DETAILED ACTION

Allowable Subject Matter

1. Claims 2-11, 13-22, and 24-39 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claim 34, Janusz (US#6332741) and Hsu (US#6056491) both disclose all of the limitations except for the thread comprising pointed crest portions formed by the upper and lower flank surfaces of the thread intersecting each other at an included angle. Although Armstrong (US#4842467) teaches a fastener wherein the thread 16 comprises pointed crest portions formed by the upper and lower flank surfaces of the thread intersecting each other at an included angle, Armstrong fails to disclose the fastener including a continuous and contiguous array of teeth around the circumferential extent of the fastener. Therefore, it would not have been obvious to one of ordinary skill in the art to combine Janusz and/or Hsu in view of the teachings of Armstrong such that the thread comprised pointed crest portions formed by the upper and lower flank surfaces of the thread intersecting each other at an included angle. Claims 35 and 36 include the above allowable subject matter and therefore are allowable for at least the same reasons(s).
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
